Professional Experience

Co-founder | Mawaki3 | Algeria

Built a web agency from the ground up with business partner, assembling a team of reliable developers to provide quality web design and development services to local clients across various industries.

Entrepreneur | Multiple Startups

Gained extensive experience working on multiple startups with different teams in fast-paced, high-pressure environments. Developed a strong work ethic, problem-solving mindset, and flexible approach to work.

Freelance Developer | Freelancer.com & Upwork.com

Collaborated with clients from e-commerce, real estate, finance, and healthcare industries to understand business requirements and deliver custom solutions with strong attention to detail, consistently delivering projects on time and within budget.

Full Stack & Backend Developer | Black & Yellow (UK) & StoragePal (Paris)

Developed two web applications for Black & Yellow, a British IT company. Worked as Backend Developer for StoragePal, a Paris-based storage startup, refactoring their back-office web application.
